It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

On motion of Mr. Brown the resolution was adopted.

The President appointed thereunder Messrs. Brown and Fulton as the committee on the part of the Senate.

Mr. Burnett offered S. J. M. No. 1:

To the Honorable Senate of the United States:

Your memorialists, the Legislative Assembly of the State of Oregon, respectfully represent :

That the continued immigration, or rather, importation of coolie slaves, or Chinese laborers, to this State, is a violation of treaty stipulations which provide that such immigration shall be voluntary, and is a very serious injury to the laboring classes, not only of our State but of the entire Pacific coast, by the reduction of wages to starvation prices.

That such importation of said Chinese and other Asiatic slave labor tends to drive white and all other free labor out of our country and ultimately compel all who subsist by manual labor to the alternative of choosing between starvation and crime.

That at least seventy-five per cent of all the earnings of said Chinese or coolie labor instead of being in our midst, and thus contributing to our prosperity, is sent to China never to return, thus withdrawing the coin from our country and rapidly decreasing our circulating medium, to the great injury of the best interests of this State and of the entire Pacific coast.

That such Chinese laborers do not contribute to the wealth and prosperity of the country by the acquisition of property and the payment of taxes, but by pauperism and crime are a continual source of expense to the country and municipalities of this State.

That the treaty of 1868, between the United States and China, known as the Burlingame Treaty, has never been maintained on the part of China in accordance with its intent and meaning. The right of free emigration and immigration which it recognizes, was to be entirely voluntary and to be exercised in view of expatriation. The Chinese have no

right to be admitted under the circumstances in which they come here. They are usually brought in hordes in a condition of semi-slavery and obligated to perform a term of servitude. The privilege accorded to the contracting parties was upon condition that the immigration to either country by the citizens or subjects of the other, should be a voluntary, individual act. China has wholly failed to have that consideration observed, and the United States ought to revoke the privilege.

Therefore, we, your said memorialists, pray your honorable body to modify the treaty between the United States and the Empire of China so as to stop and prohibit the importation or immigration of Chinese and other Asiatic laborers to this coast.

On motion, of Mr. Burnett, the memorial was referred to the Committee on Commerce.

Mr. Burnett offered S. J. M. No. 2 :

To the Senate and House of Representatives of the United States of America :

Your memorialists, the Legislative Assembly of the State of Oregon, most respectfully represent :

That between Point Reyes and Puget Sound, on the Pacific Coast, a distance of more than six hundred miles, there is no harbor that a vessel can enter during a heavy storm ; that the great loss of life and property, caused by destructive gales for years past, and especially during the last preceding year, together with the rapid increase of our trade and commerce, demonstrate the absolute necessity of a harbor of refuge on our coast.

That the surveys made during the present year of different points on the coast, under an act of Congress, will, in the judgment of your memorialists, establish the fact that

Cape Foulweather, on the western boundary of Benton County, Oregon, is the most available and suitable point at which to build a break-water for the purpose of constructing such harbor of refuge. The favorable location having a fine first-class light house to the North and third-class light to the South, defining its position clearly in the stormiest weather; the superior natural advantages, the abundance of rock and all kinds of material near at hand, make Cape Foulweather one of the most economical and available points on the North Pacific Coast, embraced within the latitude mentioned for a place of refuge for shipping during the storms that prevail for so many months on this coast.

Whereupon, your memorialists pray that an appropriation may be made to construct a harbor of refuge at said point, and that all the aid be given it by the government of the United States, by appropriations or otherwise, that can be by it bestowed on such objects; and our Representatives and Senators in Congress be requested to use all proper efforts to obtain an appropriation of an amount of money necessary to be applied in building a break-water at Cape Foulweather, for the protection of the lives and property of those engaged in commerce on the high seas; and your memorialists will ever pray.

On motion of Mr. Burnett, the joint memorial was referred to the Committee on Commerce.

Mr. Myers offered S. C. R. No. 14:

Resolved by the Senate the House concurring:

That a committee of five be appointed, two from the Senate and three from the House, to inquire into and examine the amount of work done in the office of State Superintendent of Public Instruction, and also inquire as to the number of State Diplomas and State Certificates which have been

given, and inquire if all who have obtained the same have obtained them as the law requires, and make a report of the facts to the two Houses at an early day.

REPORT :

SENATE CHAMBER,
SALEM, Sept. 19, 1878. }

Mr. President—Your joint committee appointed under S. C. R. No. 8, for the purpose of examining into the condition of the Capitol building, beg leave to report that they

have had this matter under consideration, and find the following facts :

We find that the Capitol building is not in a good state of preservation. We find in viewing the different rooms of the building not now in use, considerable quantities of waste paper and other combustible matter, which renders the building very liable to be set on fire by parties carelessly striking matches or flinging away lighted stubs of cigars. We suggest that the parties in charge of the building be required to take such steps as will obviate this danger. We think that it will be the part of wisdom to instruct the Secretary of State to insure the building in some responsible insurance company.

As to the manner of putting the building in a state of preservation, we have considered the matter and have prepared a bill which will in due time be introduced into the House, which bill specifies the work to be done, and provides for the manner of raising the necessary funds to push the work forward.

We recommend that the building be insured for \$85,000, the library for \$10,000 and the carpets, furniture and all other fixtures for \$5,000.

W. R. BILYEU,
Chairman Committee.

Mr. Palmer, from the joint committee appointed under H. J. R. No. 3, providing for a joint committee to investigate penitentiary affairs, submitted the following

Mr. President—Your Committee on Judiciary, to whom

was referred S. B. No. 23, a bill for an act defining the rights and fixing the liabilities of married women, and the relations between husband and wife, have had the same under consideration, and have instructed me to report the same back to the Senate with the following amendment and recommend that the bill do pass as amended :

S. B. No. 41, a bill for an act to repeal Section 776 of an act entitled an act to provide a Code of Civil Procedure, approved October 11, 1862.

Mr. Bradshaw, from the same committee, submitted the following minority report on S. B. No. 44:

REPORT:

SENATE CHAMBER,
SALEM, Sept. 26, 1878. }

Mr. President—The minority of your committee to whom was referred S. B. No. 44, having had the same under consideration, would respectfully recommend that said bill do pass, and assign as a reason therefor:

1. That the law that said bill proposes to repeal was enacted, and is in direct violation of the plain provision of Article 8, Section 1, of the Constitution of the State of Oregon, providing for the salary of the Justices of the Supreme and Circuit Courts.

2. That while the minority of your committee is of the opinion that the compensation provided by the law sought to be repealed by this bill is not excessive, nevertheless, it is in direct violation of the provision of the Constitution referred to above, and a dangerous precedent, and if continued, would open wide the gate for speculation and fraud, and be dangerous to the best interests of the people and State.

3. If the compensation provided for by the Constitution for the Justices of the Supreme and Circuit Courts be in-

sufficient (which I think they are), then amend the Constitution so that ample provisions can be made for the Justices and all other State officers without a continued violation of the organic law of the State.

Respectfully submitted, E. C. BRADSHAW,
One of Judiciary Committee.

Mr. Bilyeu, from the joint committee appointed to visit the Insane Asylum and to inquire into the condition, care and treatment of the insane, submitted the following

REPORT:

SENATE CHAMBER,
SALEM, Oct. 2, 1878. }

Mr. President—We, your committee appointed to visit and examine into the condition of the insane of the State of Oregon, inquire into their care and treatment and also as to the best method of providing for them; to receive and con-

sider propositions on this subject, etc., submit the following report :

Whole number of State patients in hospital for insane, September, 1878, as found by actual count of committee :

Males.....	166
Females.....	67
Total.....	233

Number of rooms in hospital, as found by committee :

Dormitories in first male ward.....	36
Dormitories in second male ward.....	32
Dormitories in third male ward.....	36
	104

Dormitories in first female ward.....	15
Dormitories in second female ward.....	28
	43

Dining rooms for female wards.....	1
Dining rooms for male wards.....	3
	4

For male attendants, 3 rooms each ward.....	9
For female attendants, 3 rooms each ward.....	6
	15

Office.....	1
Dining room for Doctors and Steward.....	1
Rooms for Doctor's family.....	2
Rooms for Steward's family.....	1
	5

Bakery, cook-houses, wash-houses, store-room, cellars, etc., not enumerated, but seem to be sufficient for the purpose.

Your committee find that whilst the dormitories are clean and ample for one patient each, yet the number of patients exceed the number of dormitories, there being but 145 sleeping rooms for 233 patients; consequently, we find in many instances two patients occupying the same room, a circumstance inevitable without a large increase of rooms or decrease of the number of patients. We feel it our duty to express reprehension of the practice, unless in very rare and exceptional cases.

We find that the moneys paid to Dr. Hawthorne from December 1, 1876, inclusive to September 1, 1878, by individuals, and which has been credited to the State of Oregon in his bills now on file in the office of Secretary of State, are as follows:

Dec. 1, 1876, cash on account of J. Voss.....	\$ 48 00
Dec. 1, 1876, cash on account of J. Voss.....	27 64
Dec. 11, 1876, cash on account of Elmira Bunn....	53 50
Dec. 11, 1877, cash on account of Elmira Bunn....	286 75
May 23, 1878, cash on account of Mary A. Githens	9 40
Total paid to Dr. Hawthorne.....	<u>\$523 79</u>

In pursuance of a request by the committee, the Secretary of State furnishes the following account of moneys received of individuals from December 1, 1876, to September 1, 1878, for keeping insane patients, as shown by the books of the Secretary of State:

August 20, 1877, cash on account of Elsie Beatty..	\$200 00
Sept. 11, '77, cash on account of D. H. Thompson.	44 00
Nov. 12, 1877, cash on account of J. Reed.....	50 00
May 17, '78, cash on ac. of Matilda Applegate.....	44 00

July 17, '78, cash on ac. of Matilda Applegate....\$ 44 00

Total\$382 00

Whole amount paid by individuals towards keeping insane from December 1, 1876, to September 1, 1878, \$905,79.

We also find that after the amounts paid to Dr. Hawthorne, by individuals, have been deducted in his bills from December 1, 1876, to September 1, 1878, the amount charged to the State is \$115,683 75.

Of this sum, there is a balance of \$10,647 86 in excess of the appropriation and which still remains unpaid.

Dr. C. C. Strong, State Visiting Physician, was called before the committee and being interrogated, the following is a synopsis of his statement :

The law requires me to visit the Asylum once per month ; I have made it a rule to visit when Dr. Hawthorne was not expecting me ; have never visited an asylum where patients were better cared for ; it does not enter into my duty to prescribe for patients ; I am aware how many have been discharged ; think patients are as well kept as they could be ; think the beds and rooms are amply large ; think the outdoor enclosures are large enough for all necessary purposes ; females have outside grounds ; I have sent a report to Governor the 1st of September for the past two years ; food is the very best quality ; have never been in a hotel where I had rather eat than to eat the food here prepared ; think patients are as well fed as at any other asylum in the United States ; I could not say at the present time how many patients are here, but could tell at the end of a quarter ; think that every patient in asylum are fit subjects for it ; a number of inebriates are in asylum ; I think they would not have as good

treatment in poor houses on account of the medical attention they require.

The majority of doctors are not so competent to treat imbeciles as those making it a specialty; have no idea how many imbeciles are in asylum, but could give answer by looking through it; I consider manual labor beneficial to many patients; think about one-fourth of them are able to work at certain times; the most dangerous types of insanity are among the males; females do not recover so often as males; intoxicating drink sometimes causes insanity; liquor produces softening of the brain, and persons lose power of will to govern themselves, which brings on insanity; I would commit one of that class; very few of these in the asylum; they usually get entirely well; I have not heard of cruelty toward the patients being indulged in at all by the overseers; wardens are all very gentlemanly men; each patient is examined every day.

Dr. Hawthorne discharges patients quicker than I would; a number of patients have been returned on account of being discharged too soon; I am not aware that any have been kept too long; all the males go together in the same yard, except those that are very bad—females the same; think two patients can room together without ill effect; from my experience, my opinion in reference to mode of providing is, if the insane are provided for by the State, to district the State into two or three districts, and build an asylum in each; expense for keeping range from \$4 to \$7 a week; cost about \$1,000 a head to build an asylum; demented persons can do some manual labor; do not know how many incurables are in asylum; epileptic is where patients have fits; paralysis is a species of soft brain insanity; cannot in some instances determine whether a person is insane or not, with-

out previous history; think there is an inclination to send imbeciles, who are not fit subjects, to asylum, just to get them out of the way.

Q. Dr. Strong, have you taken pains to know of your own knowledge the number of patients within the asylum during any quarter?

A. Have not.

Q. Have you personally examined the patients as to their maladies in regard to insanity and imbecility?

A. I have.

Q. Do you exercise your own judgment in regard to their discharge?

A. No; nor have I advised the discharge of any.

The following questions were asked Dr. Strong, and after excusing him were also put to Dr. Plummer; the answers of each are written beneath questions:

Q. Would you recommend that persons laboring under *delirium tremens* be sent to asylum provided for insane?

A. (Strong). Would not.

A. (Plummer). Not as a rule.

Q. Would you recommend that insane and idiotic be kept together in the same asylum?

A. (Strong). Yes, if properly divided into wards as they are.

A. (Plummer). Yes.

Q. Do you think ample dormitories are provided for the inmates that are here?

A. (Strong). Yes.

A. (Plummer). I do.

Q. Would different physicians be likely to classify the inmates of this institution the same without consultation?

A. (Strong). No.

A. (Plummer). Yes.

Q. Would they be likely to come to the same conclusion in regard to any considerable number of patients as regards the classification of maladies?

A. (Strong). Would not.

A. (Plummer). I think they would.

Q. In regard to the interests of the patients, as such, would you recommend that idiots and imbeciles be kept with the insane or at same institution?

A. (Strong). I would.

Dr. Plummer said: I have been through the asylum; it seems to me that insane could not be better cared for than they are here; it is not a pecuniary matter to me whether Dr. Hawthorne keeps the asylum or does not; I visit asylum often; I think all patients are fit subjects for asylum; do not think Dr. Hawthorne and attendant physicians here would keep patients that were sane; premises are clean, always so; I have paid attention to these points especially; have looked through kitchen often; I do not see that changes ought to be made here; think Dr. H. was not prepared for you at all; think the asylum would be found to be the same way at any time; imbecile cases vary in their nature; I think those affected thus would be better in an asylum than in a poor-house; it would amount to about the same cost in either case, because a great deal more would be charged *per capita* for keeping the bad cases after the imbeciles were taken away; the imbeciles would not be better off in a poor-house than in an asylum; imbecility is a weakness especially of the intellect; there are exceptional cases that might as well be in the poor-house, but as a general rule think the asylum the place for them; there are many cases of imbecility that should not find way into asylum.

Now, after carefully and fully considering and investigating the whole matter in relation to providing for the future keeping and treatment of the insane of our State, we are of the opinion that under our present financial condition, it would be unwise for this Legislature to undertake the immediate construction of an asylum, but recommend that such legislation be had at this session as will enable the State to undertake this much needed enterprise at the earliest possible moment. As a means by which the State may be enabled to begin the erection of an asylum for her insane at a period not far in the future, we suggest the propriety of levying a one-half mill tax for the next four years, to be collected annually as other taxes are, the fund arising from such tax to be known as the "Asylum Building Fund." If this is done, at the meeting of the next Legislature, two years hence, there will have accumulated in the treasury of the State forty or fifty thousand dollars, which will enable the State to begin the work and push it to a rapid completion.

In the meantime, we recommend that the keeping of the insane and idiotic be let by contract, for the term of four years, from December 1, 1878, and at a rate not to exceed five dollars (\$5) a week for each patient.

W. R. BILYEU,
Chairman Joint Committee.

On motion of Mr. Bilyeu, the reading of the report was dispensed with, and the usual number of copies ordered printed.

PROPOSITIONS AND MOTIONS.

Mr. Brown offered S. J. M. No. 3:

*To the Honorable the Senate and House of Representatives
of the United States in Congress Assembled:*

Your memorialists, the Legislative Assembly of the State

of Oregon, most respectfully represent, that the harbor of Coos Bay, in Coos County, is one of the most important on the North Pacific coast between San Francisco and Puget Sound; that it is eligibly situated as a harbor of refuge and for purposes of commerce; that within the past few years vessels for mercantile marine, numbering forty, have been constructed on Coos Bay, with a carrying capacity of 16,350 tons burthen; that those vessels are now engaged in carrying the commerce of the world; that since 1871 the number of arrivals and departures of ocean vessels at Coos Bay amount to 1,388, with carrying capacity of 565,550 tons; that since that time the value of local exports amount to \$3,192,165 75; that the country immediately surrounding said Coos Bay is rich in forests of cedar, fir, spruce, maple, myrtle, pine, and other timbers of value; and possesses vast deposits of coal and other minerals of value almost beyond estimate; that occasionally the bar at said harbor is obstructed by drifting sands, so as to render entrance and departure of shipping perilous, dangerous and difficult, to the serious detriment of general commerce, and which tends to retard the prosperity not only of that particular locality but of Southern Oregon; that the inhabitants of Lane, Coos, Douglas, Josephine, Jackson and Lake counties would be directly and largely benefitted by the securing of a safe and permanent harbor at Coos Bay; that these counties contain in the aggregate, nearly one-fourth of the whole population of this State; that the rest of the State would be indirectly benefitted thereby; that such improvement will result in an increased stimulus to agriculture and the manufacture of lumber, for the markets of the world, and the development of valuable coal measures, and more particularly in ship building, by the latter reviving an industry which was once

the pride and boast of these United States. In addition to those material benefits, the improvement required to make a permanent, secure and safe harbor, will also present a harbor of safety and refuge to the passing commerce of all nations; that to procure this result, it will require a small outlay of money compared with the resultant benefits.

Wherefore, your memorialists pray your honorable body to grant out of the appropriation being made for rivers and harbors, such aid, not to exceed \$350,000, to be expended under the supervision of the proper officers of the United States, as may be necessary to make the improvement that may be required to make the entrance at Coos Bay safe and secure.

Mr. Brown moved the adoption of the memorial; upon which question, the yeas and nays were as follows:

Yeas—Messrs. Apperson, Applegate, Bentley, Bilyeu, Bradshaw, Brown, Burch, Burnett, Cochran, Davidson, Davis, Fulton, George, Green, Grim, Haines, Hirsch, Jasper, Lord, Myers, Palmer, Pennington, Ross, Smith, Thompson, Waldo, Watt and Mr. President—28.

Nays—None.

Absent—Mr. Colvig (on leave) and Mr. Haley—2.

So the joint memorial was adopted.

On motion of Mr. Brown, three hundred copies were ordered printed.

Mr. George asked and obtained unanimous consent to have S. B. No. 74, which was to-day ordered engrossed for a third reading to-morrow, returned from the Committee on Engrossed Bills for the purpose of making a verbal correction or change therein.

Mr. Haines offered S. J. M. No. 4:

To the Honorable Senate and House of Representatives in Congress Assembled:

Your memorialists, the Legislative Assembly of the State of Oregon, most respectfully represent: That during the past summer an Indian war occurred in Eastern Oregon, along the Blue Mountains, which was very destructive to life and property; that Umatilla, Malheur and Warm Spring Indian Reservations are located in the vicinity of extensive settlements about said mountains, and near the battle-fields of the late war, and a large number of Indians are collected upon said reservations, and a large number of said Indians are now held on said Malheur Reservation as prisoners of war; that many tribes of Indians, east and west of said mountains, have for ages past visited said mountains annually for purposes of barter, fishing, hunting, and, frequently, for war, one tribe with another; that since the discovery of gold, in 1861, a large population has settled in Eastern Oregon, in and about said mountains, engaged in mining, agricultural and pastoral pursuits, since which settlement, almost annually, trouble and conflict with Indians, destructive to life and property, have taken place.

That the military posts of Boise, Harney, McDermit, Walla Walla and Lapwai, are too remotely situated to afford adequate relief to inhabitants and speedy distribution of troops and supplies in case of Indian raids in or about said mountains; that during the recent war it was found necessary to establish a depot of troops and supplies at Baker City, Oregon, to support and supply the army in the field along said mountains, that being the most central point available for that purpose; that other wars with said Indians next year and in future years may, and it is feared, will take

place on or about the same battle fields, in Eastern Oregon ; and

WHEREAS, A petition of citizens of Eastern Oregon, approved by military officers in the field, was forwarded to the Secretary of War for the location of a permanent military post of at least two companies of cavalry at or near said Baker City, Oregon, which petition is herein referred to for further facts and information in the premises;

Therefore, your memorialists most respectfully request that early action be taken in the premises, to the end that such military post be established at or near said Baker City, and that an appropriation be made of the sum of one hundred thousand dollars for the erection of the necessary buildings and quarters for said post ; and your memorialists will ever pray.

M., for the purpose of witnessing exercises by the pupils of the institution for deaf mutes, and to hear statements concerning the wants and workings of said institution from the superintendent thereof.

Mr. Myers moved the adoption of the resolution; which motion was lost.

Mr. Brown offered S. J. M. No. 5:

To the Honorable, the Senate and House of Representatives in Congress assembled:

Your memorialists, the Legislative Assembly of the State of Oregon, respectfully represent: That the Coquille river, in Coos County, Oregon, is greatly in need of improvements which can be made only by the General Government. This river drains a section of country rich in soil and timber, and

embraces an area of over nine hundred square miles. The timber lands compose a large portion of this region of country. There are forests of excellent and valuable growths of fir, cedar, myrtle and other varieties. This timber is the foundation of a large and increasing export trade, and could be shipped at little cost if the improvements on the river herein asked for were made.

The ordinary tides of the Coquille river ebb and flow for forty miles, thus affording sufficient water, if properly controlled, for the commercial interests of the country. The entrance or mouth of this river is obstructed by numerous large rock which render it extremely dangerous to vessels crossing the bar and entering the river.

These difficulties and hinderances to free navigation create delays and prevent competition with other parts, and but little trade is carried on in proportion to what should be, and ruinous freights and an undeveloped country are the results. If these improvements were made, a channel would be opened of fourteen feet deep at all seasons of the year. Freight from this river now to San Francisco is from \$12 to \$15 per thousand feet of lumber; while from Coos Bay and Umpqua river freight is \$6 per thousand feet, making more than double freight to be paid by shippers on the Coquille river. These ports are near to each other and carry on the same trade.

Improvements along the river are being made, of a substantial character. Four saw-mills, cutting from thirty to forty thousand feet of lumber per day, are in successful operation. Gold mines are being developed with great profit, near the entrance of this river. These enterprises have engaged a capital of over two hundred thousand dollars.

With these much needed and indispensable improvements,

the population of Coos county will be more than doubled within two years after completion, by settling up unoccupied government land. This will afford an income to the general government, in the payment of these lands, in amount greater than the appropriations asked for.

Wherefore, your memorialists pray that an amount be appropriated for improving the channel and harbor of the Coquille river, equal to the estimate made by Major Bolton, in late survey of harbor and mouth of said river; and your memorialists will ever pray.

Mr. Brown moved the adoption of the joint memorial; upon which question, the yeas and nays were as follows:

Yeas—Messrs. Apperson, Applegate, Bentley, Bilyeu, Bradshaw, Brown, Burch, Burnett, Davidson, Davis, Fulton, George, Green, Grim, Haines, Hirsch, Jasper, Lord, Myers, Palmer, Pennington, Ross, Smith, Thompson, Waldo, Watt and Mr. President—27.

Nays—None.

Absent—Messrs. Cochran, Colvig (on leave), and Haley—3.

WHEREAS, The Legislature of this State did, by different enactments prior to 1876, make large appropriations out of the funds arising from the five per centum of the net proceeds of the sale of public lands within the State and out of the proceeds of the sale of the swamp and overflowed lands belonging to the State, in aid of certain wagon roads in Western and Southern Oregon and in aid of the construction of the locks at the Willamette falls, in pursuance of which,

warrants aggregating thousands of dollars were issued and sold without restriction as to price, and the proceeds applied in the construction of the said public works; and

WHEREAS, The Legislature of this State did, at its regular session in 1876, authorize the issuance of warrants upon the said funds to the amount of \$50,000 in aid of the Dalles and Sandy Wagon Road, an enterprise of vital importance to this State but of especial importance to the people of Eastern Oregon, and authorizing the sale of such warrants at a price of not less than fifty cents on the dollar, and appropriated the proceeds of such sale to the construction of such road; and

WHEREAS, Such warrants so issued in aid of the Dalles and Sandy Wagon Road, were sold in accordance with the provisions of said act, to purchasers in good faith, at a price higher than that provided in said act and the proceeds applied in the construction of said road as provided for in said act; and

WHEREAS, The said act of 1876, expressly provided that the said warrants therein authorized should be received by the State of Oregon, together with any interest accruing thereon, at their face in payment for any of the swamp, overflowed or tide lands belonging to the State, and it was so expressed upon the face of said warrants, and they were purchased upon the faith of the said proviso and with the belief and understanding on the part of the persons so purchasing that the State of Oregon would so receive said warrants in payment for such lands, while the warrants issued prior hereto were not made so receivable; and

WHEREAS, Bills are now pending in this Legislature, providing in effect that the said warrants issued prior to 1876, and which were not made receivable in payment for swamp,

tide and overflowed land, shall be so received and that the said warrants issued under the act of 1876, which were expressly made receivable in payment for such lands, shall not be received until after all other warrants shall be taken up; and

WHEREAS, such proposed legislation would be a violation of good faith on the part of the State of Oregon, and a repudiation of the obligations imposed upon it by the said act of 1876, as well as an injustice to the people most interested in the said Dalles and Sandy Wagon Road, and an unjust discrimination in favor of warrants issued for the benefit of Western Oregon, the greater proportion of which have already been redeemed in cash; and

WHEREAS, The swamp, overflowed and tide lands belonging to the State are more than ample for the discharge of all outstanding warrants; now, therefore,

Be it Resolved by the Legislative Assembly of the State of Oregon:

1. That good faith on the part of the State of Oregon requires that the provision of the law of 1876, providing for the issue of warrants in aid of the Dalles and Sandy Wagon Road, be observed and carried into effect.

2. That the Board of Land Commissioners of the State be and they are hereby directed to receive such warrants in payment for any of the swamp, overflowed and tide lands belonging the State, in accordance with the provisions of said law, whenever such warrants are tendered for such lands.

REPORT:

SENATE CHAMBER,
SALEM, Oct. 15, 1878. }

Mr. President—At an early day of the present session of the Legislative Assembly of the State of Oregon the undersigned was appointed on the part of the Senate with Messrs. Stratton and Galloway on the part of the House, a committee to examine into and report in relation to the State printing, to report whether or not there had been any money drawn in excess of law, and if so, how much, and for what particular purpose. I now ask leave to report the following:

Soon after our appointment as such committee, we met in the hall of the Capitol building and had a talk as to the mode of procedure but effected no organization. I occasionally met said Stratton and Galloway in the Capitol, and when the matter was referred to I was informed that the clerk and expert were at work, and that when they got through we could meet and make out our report. On Monday evening of last week, I met Mr. Galloway, who told me that they had agreed to meet that evening, and asked if I could attend said meeting; I told him I could; he inquired what time; I told him I would be here at 7 o'clock; he remarked, all right, we would meet at 7 o'clock; I was here on time, as per arrangement, and remained until near 9 o'clock, and neither Stratton or Galloway were found. The next day on meeting Mr. Galloway, the meeting being alluded to, he remarked that their place of meeting was in Stratton's office, somewhere down in town. I told him when I wanted to find a committee, I always looked to find it in the Capitol building, unless I was notified to the contrary. On the evening of Tuesday last, just before the Senate was called to order, Mr. Galloway informed me that they had changed their place of

meeting to the Library room, and were going to meet that evening. I informed him that I had not obtained leave of absence, and further, that there was important business before the Senate, that I could not think of leaving.

From the meeting alluded to above, I heard nothing of the action of said committee, until the afternoon of yesterday, when Mr. Galloway called me into the hall and informed me that they had completed their examination, and wished me to go with him to the Library and join them in their report. I informed him that I thought it impossible for me to make an examination sufficient to make a report, in a few minutes, when it had taken them weeks. He said he would like to have my name to the report, but I informed him I could not report on anything I knew nothing of.

Now, Mr. President, I have no means of knowing why the House members of said committee acted in the strange way they did; perhaps they can explain; I am sure I cannot. I do not wish to be understood as questioning the motives of the gentlemen alluded to, but have deemed it a duty to make the foregoing statement in justice to myself. And I now, Mr. President, would recommend that the whole matter be re-referred, not to the same committee, but to the Secretary of State, with power to employ competent printers as experts. All of which is respectfully submitted,

S. D. HALEY.

Mr. Myers, chairman of the Committee on Engrossed Bills, reported S. B. No. 62, 66, 71 and 88 correctly engrossed.

Mr. Watt moved to take up and consider S. B. No. 88; which motion prevailed.

Absent—Messrs. Burnett, Colvig (on leave) and Davidson—3.

Mr. Haines offered S. J. M. No. 9, for donation of unsurveyed mountain lands of Eastern Oregon to the State of Oregon in aid of railroad from Umatilla to Ogden:

To the the Senate and House of Representatives in Congress assembled:

Your memorialists, the Legislative Assembly of the State of Oregon, most respectfully represent that

WHEREAS, There is a large area of mountain lands in the eastern part of Oregon that is unsurveyed and not settled or cultivated; and

WHEREAS, The United States will never realize therefrom a sum sufficient to pay the expense of surveying such lands; and

WHEREAS, The State of Oregon could survey and apply the said lands in aid of a railroad from tide-water on the Columbia to Ogden, the Western terminus of the Union Pacific Railroad, to the end that Oregon would be connected by rail with the R. R. system of the United States; and

WHEREAS, As if such lands were donated to Oregon for such purpose, the value thereof would be enhanced, and at

an early day would have a through route by rail to the East, and add great wealth and population to this hitherto remote and isolated State; and

WHEREAS, Aid has been granted to the Central and Union Pacific Railroad, and to the Northern Pacific Railroad, from which the States and Territories south of Oregon and the Territories and British Columbia, north of Oregon, have received great benefit; and

WHEREAS, It is reasonable and just that Oregon, the oldest American settlement, should not be entirely neglected, but should receive some aid from Congress for a through transportation route from the great Columbia to Ogden. Therefore, your memorialists request that an act be passed at an early day, donating such mountain lands known as the Blue Mountains, to the State of Oregon in aid of such railroad connection, such regulations as may be provided in such act of Congress and by the Legislative Assembly of Oregon thereunder; and your memorialists will ever pray.

Mr. Haines moved to adopt the memorial. Pending which, Mr. Bradshaw moved to refer to the Committee on Railroads; which motion was lost.

The question then recurring on the motion to adopt, it prevailed.

The following communication was read:

To the Honorable Senate of the State of Oregon:

I have the honor to inform you that I have approved and signed S. B. No. 105.

W. W. THAYER,

DATED, Oct. 14, 1878.

Governor of Oregon.

Mr. Fulton offered S. J. M. No. 10:

To the Honorable Senate and House of Representatives of the United States of America:

Your memorialists, the Legislative Assembly of the State

of Oregon, would respectfully represent that the grant of land and franchises made by your honorable body to the O. C. R. R. Co. in aid of a railroad and telegraph line from Astoria, Oregon, to Portland and McMinnville in the same State, has about expired; that said company have constructed and now have in successful operation about fifty miles of road on said route; that one portion, to-wit, from Astoria to Forest Grove, is not completed; that said portion would connect Willamette valley with the sea board at the mouth of the Columbia river, which place none of the railroads in Oregon now reach; that the Columbia river above Astoria is liable any winter to so freeze as to stop navigation, which would back up the whole commerce of the State as well as cut off all mails from sea; that said portions of route between Astoria and Forest Grove is about 70 miles in distance through a mountainous and timbered country, and difficult to penetrate; it is unsettled and wild on account of the expense of making roads through and into it; there is a fine valley in the midst, threaded by the Nehalem river, in which there are large quantities of good rich agricultural lands; lumber timbers, curly maple and coal are found in abundance. The building of a railroad through, only is needed to settle and develop this piece of country and bring it into market. The native treasures, so profusely stored there, unless this belt of land shall be traversed by a railroad, it may be ages before it will be opened to settlement or the government disposes of its lands there.

Your memorialists pray your Honorable body to extend the time of the grant heretofore made, and to provide if the said O. C. R. R. Company shall not begin the construction of said portions of the road within six months, then it shall be lawful and proper for any other company to build the

same and succeed to all the rights, grants and franchises of said O. C. R. R. Company to said portion of road.

Absent—Messrs. Colvig (on leave), Ross and Thompson—3.

So the Senate refused to take up H. B. No. 32.

Mr. Myers presented the following minority report from the Lock and Canal Commissioners.

MINORITY REPORT OF CANAL COMMISSIONERS :

The majority of the Commission in their second paragraph say, "we found the company refusing passage through the canal of more than a limited number of boats that did not belong to their line." The steamer Ohio and City of Salem was the only opposition boats running on the Willamette; the Ohio was making her regular trips through the locks. The steamers S. T. Church, McMinnville and A. A. McCully (built since), have all been passed through the locks in the order in which they were presented.

They further say, "we also found that the company had instituted proceedings in the Circuit Court for Multnomah County, to procure a decree dissolving their corporation, so that they might dispose of the canal and locks as private property." * * * "Finding matters in this condition we conceived it to be our duty to reverse this order of things if possible." It was not material to the Board of Canal and Locks Commissioners who owned the locks: See Section 9 of the Act 19th October, 1876, part of which Section says, "Willamette Falls Canal and Lock Company, or any party claiming under said corporation by virtue of assignment," etc. It was the locks and parties owning them that the

Commission had to deal with—the Commission was traveling outside of their duty to engage in litigation that properly belong to other parties. As to the item of Canal and Locks Company purchasing steamboats of the O. & C. R. R. and entering into arrangements or combination as to freight, the Commission had no agency in reducing the rates of freights; that was in the past. It was competition that brought about a reduction of freight of which the Board can claim no credit.

The majority report says: "The Canal and Locks Company were opposed to the commission and law creating them." They were opposed to the law, and desired to test its validity; they requested the Board, as soon as they were organized, to let them know what we expected them to do. As soon as we were organized, we requested them to co-operate with the Board in carrying out the laws in relation to the Locks, and referred them to Sections 5 and 12 of the law giving us our appointments. The company immediately instructed the clerks of their boats to furnish manifests, and continued to do so, until they invited a suit in a very kind and courteous letter, in which they stated that they had instructed their clerks not to furnish manifests; this was done in order that they might violate the law in that respect, and that we may aver that they had violated the law in every particular, and requested that the Board instruct their attorneys to confer with the attorneys of the company, and make an agreed case, to be submitted to the Court in Chambers or otherwise, in order to get an early decision, that the case may be appealed to the Supreme Court at the incoming session then near at hand.

The majority of the Board decided in favor of a mandamus suit. Thayer & Williams were employed by the Board and

instructed to bring a mandamus suit to compel the company to furnish manifests. The mandamus suit was sustained by the court below. The case, was, for some reason, tardy, and did not reach the Supreme Court until the succeeding term, February, 1878, the decision of the court below confirmed. During the pendency of this case, there was about eight hundred manifests due. I urged them to furnish back manifests. The agent finally agreed to furnish manifests if we would give him time to do it himself. I told him to furnish them as soon as he could.

The manifests were furnished, the Secretary of the Board acknowledged the receipt, and informed the President of Board, who called a meeting of the Board. At this meeting (a full Board) we found the manifests all complete in detail; and nothing said as to the suit as mentioned in the report of the majority of the Board.

Just before the convening of the court in Multnomah County, the agent of the company informed me that suit had been commenced to force the company to furnish the manifests that he had already furnished. Of course there was no cause of action, as the company had a receipt for the manifests.

The majority of the Board seems to place the responsibility of the large expense incurred by the Board to the company, for not pursuing "a well defined duty." Had the Board pursued "a well defined duty," and kept within the bounds prescribed by law, giving them their appointment, these large expenditures might have been avoided.

The Commissioners can not claim, that the reduced price of freight is owing to any exertions on their part; it was competition that brought about cheap transportation.

Respectfully submitted, .

B. JENNINGS.

Mr. Hirsch moved that the Senate adjourn; which motion prevailed.

EVENING SESSION.

The Senate met pursuant to adjournment, and was called to order by the President.

The roll was called, and all the Senators were present except Messrs. Colvig (on leave), Fulton and Palmer—3.

Mr. Bilyeu moved to take up S. B. No. 135; which motion prevailed.

S. B. No. 135, a bill for an act to authorize the Governor to contract for the keeping of the insane and idiotic, and to amend Sections 3 and 11 of an act entitled an act to provide for the safe keeping and treatment of insane and idiotic persons, approved September 27, 1862, was read a third time. The question then being, "Shall this bill pass?" the yeas and nays were:

Yeas—Messrs. Apperson, Applegate, Bentley, Bilyeu, Bradshaw, Brown, Burch, Burnett, Cochran, Davidson, Davis, George, Green, Grim, Haines, Haley, Hirsch, Jasper, Lord, Myers, Pennington, Ross, Smith, Thompson, Waldo and Mr. President—26.

Nays—None.

Absent—Messrs. Colvig (on leave), Fulton, Palmer and Watt—4.

Mr. Bilyeu moved to amend the title of the bill as follows: "And Section 1 of an act entitled an act to amend an act entitled an act to provide for the safe keeping of insane and idiotic persons, approved September 27, 1862, approved October 22, 1864, the same being Sections 4, 5 and 12 of Chap-

ter 26 of the Miscellaneous Laws of Oregon, as compiled by M. P. Deady and Lafayette Lane, and to repeal Sections 14, 15, 16 and 17 of said Chapter 26 of said Miscellaneous Laws;" which motion prevailed, and the title as amended was agreed to.

S. B. No. 66, a bill for an act to define the duties and fix the compensation of the State Printer, was read a third time. The question then being, "Shall this bill pass?" the yeas and nays were:

Yeas—Messrs. Apperson, Applegate, Bentley, Bilyeu, Bradshaw, Brown, Burch, Burnett, Cochran, Davidson, Davis, Fulton, Green, Grim, Haines, Haley, Hirsch, Jasper, Lord, Myers, Palmer, Pennington, Ross, Smith, Thompson, Waldo and Mr. President—27.

So the bill passed, and the title of the bill was ordered to stand as the title of the act.

Mr. Apperson moved to take up S. B. No. 62; which motion prevailed.

Mr. Burnett moved to adopt the resolution ; which motion was lost.

Mr. Burnett moved to take up S. B. No. 102; which motion was lost.

Mr. Thompson, by unanimous consent, submitted the following report from the joint committee appointed under H. C. R. No. 8, to investigate swamp land matters.

REPORT:

SENATE CHAMBER,
SALEM, Oct. 15, 1878. }

To the Legislative Assembly of the State of Oregon :

Your committee, appointed under H. J. R. No. 8, and resolution supplementary thereto, to investigate all matters pertaining to the segregation and sale of swamp and overflowed and other lands belonging to the State, beg leave to submit their report.

We began our labors with an examination of the books and files of the office, or such of them as were turned over to us, hoping to find in them an intelligible account of the affairs of the State Land Department. In this we have been wholly disappointed. For the manner in which the accounts have been kept, we cannot do better than to refer to the report of our Clerk, which accompanies this report. His statements are fully sustained by an examination of the books

themselves. The journal of the proceedings of the Board has been even worse kept; indeed, it cannot be fairly said to have been kept at all. The last record of any proceedings of the Board which has been completed and signed by the President, is dated August 11, 1874.

The only semblance of a record since that time consists of detached scraps of paper loosely held together by a rubber band. These papers contain what purport to be minutes of the proceedings since August 11, 1874. The memoranda are generally very brief, and sometimes unintelligible, so that it would be impossible for any one having no other knowledge of the transactions of the Board, to construct a complete record from them. The memoranda contain the only account of all the important business of the Board since said date, yet not one of them is officially signed.

During the whole period since the passage of the swamp land law, extravagant sums have been paid in this office for clerical services. Mr. Cann has received a salary as Clerk of the Board, of \$1,800 a year. During the first four years Mr. Fleischman was paid a like salary; for what service does not very clearly appear. He seems to have received large additional sums for incidental services. During the last four years, similar payments have been made to Mr. Hackleman for like service. Mr. Cann testifies that during the last four years Mr. Hackleman has received from the Board six thousand dollars, and it appears that all he did was to record some deeds; and the number exhibited as having been so recorded could all have been recorded by a competent man in thirty days. He does not seem to have performed any other service. It should be borne in mind that these men, Fleischman and Hackleman, during all these periods were drawing

other large sums from the State, as employees of the Treasury Department.

We find that in one instance Mr. Fleischman was allowed for 91 days service as corresponding clerk of the La Grande Land Office at \$5 a day, \$455. In another instance, for 90 days at like service, \$450. Mr. Hackleman seems to have been employed in like capacity. These are but examples of the general extravagance. From the report of the La Grande Land Office it appears that the cost of that office is about 33 per cent. of the receipts. Add such items as those mentioned above and the profits to the State will be found to be small indeed.

We find that on the 14th day of February, 1871, Jesse Applegate deposited in this office, as payment of the 20 per cent. on swamp land filings, \$1,850. In the report of the Board of Commissioners for 1876, it is stated that there had been returned to him \$1,548 52; but on examination of the files it is found that this money was not paid to Applegate, but to S. F. Chadwick, and we do not find on file any evidence that Mr. Chadwick was authorized by Mr. Applegate to receive it. Moreover, Mr. Chadwick's receipt is for \$1,850, instead of \$1,548 52.

We find that Amos N. King is reported as having paid on September 17, 1871, \$1,300. In the report of the Board for 1876, this money is said to have been returned to Mr. King, but we find no receipt to show that such sum or any sum has ever been returned to him.

It appears that on February 6, 1874, one I. J. Beal paid in \$216 on land. This money, instead of having been deposited with the Treasurer, seems to have been used by Mr. Chadwick, he giving the Board his note therefor, which we found among the papers. Since our labors began, he has

paid the amount of this note, without interest, into the Treasury, and taken up the note.

James Clark appeared before the committee as a witness, and testified that in May 1874 or 1875, he paid to T. H. Cann, in Secretary Chadwick's presence, \$240 for swamp land in Grant County, taking his receipt for the amount. On Mr. Clark's filing there is a memorandum of this payment, but there is no entry on Mr. Cann's books showing that such payment was ever made.

Among the expenditures of the Board, appear large sums for attorney fees. Mr. Laswell, who at the time was District Attorney, is allowed 10 per cent. for foreclosing a mortgage for a large sum, making the amount paid him \$226 66, while the law allows him but \$25. We find S. C. Simpson's bill for \$1024 84 for attorney fees in foreclosing mortgages against A. Myers and others. Mr. H. H. Gilfry also seems to have shared largely in dividends of this character. We find one instance where the Board has allowed an attorney fee of nearly 20 per cent. on the amount sued for. But the most culpable and reprehensible of all these allowances are those to Secretary Chadwick for attorney fees, of which we find several; notably one for \$200, for services relative to swamp land matters. The order making this allowance is signed by Governor Grover.

It is proper that something should be said, additional to our preliminary report relative to the receipt for the \$30,000 given to R. M. Walker. The time at our command has been necessarily limited, much of the testimony is difficult of access, and we are therefore unable, even at this time, to give as satisfactory and complete a report as the gravity of the subject demands. Of some facts, however, we can speak with reasonable certainty. A receipt or certificate was given

to R. M. Walker by T. H. Cann as Clerk of the Board of School Land Commissioners, showing that the 20 per cent. had been paid on 150,000 acres of land represented by filings of Walker or others who had assigned to him. On the same day, Secretary Chadwick gave a certificate under the seal of the State, to the effect that Cann was the Clerk of the Board, and as such, authorized to receive or receipt for money. These documents were worded in such a way as to lead those who saw them—good business men—to suppose that Walker himself had paid that sum, \$30,000. This is the obvious interpretation. It is claimed by Secretary Chadwick, in his testimony, that these receipts (he calls them “certificates”) must have been intended only to show that such a sum had been paid by the different swamp land claimants, whom Walker claimed to represent. He declined to speak with positiveness as to the contents of these receipts, however, saying that he had not a particular recollection of the matter. Admit, for the present, that these receipts will bear such a construction, and the case is scarcely improved. The testimony shows that the receipts are dated November 29, 1873; Mr. Cann’s books show that at that date the total amount paid in on swamp lands from every source, either in money or services, is only \$26,456 41. The items going to make up this sum were received from every quarter of the State, and range from a few dollars up to thousands, and were paid in by more than a hundred different persons. By much the greater part of this money—in the opinion of your committee, very nearly the whole of it—was paid by persons whom Walker did not, and did not claim to represent. It is extremely doubtful whether a single dollar was ever paid to the State on the Walker filings; thus, taking the most favorable construction that can be placed upon these papers, and

viewing them in the light of attendant facts, they present a transaction, which, in the opinion of your committee, is wholly without palliation or excuse. Whatever may have been the intention in making these papers, they did not correctly state the facts, and were admirably calculated to enable the person having them, if so disposed, to defraud any person dealing upon the faith of them.

Your committee have been unable to make complete examination of any sort of the State land matters, except swamp lands; but the manner of keeping the books and transacting the business has been such as to give opportunity for every kind of abuse.

Your committee desire to say in conclusion that our examination has been necessarily hasty and imperfect. We cannot but think that, at the best, great extravagance has been permitted in connection with all these land matters. But it is proper to add that upon a more full and thorough examination, facts might be developed which would palliate or perhaps entirely excuse many transactions which now appear censurable. We desire to do no injustice nor improperly to reflect upon any one. We speak only upon the facts before us, and give only such conclusions as those facts seem fully to warrant. In order that no injustice be done, your committee would recommend that measures be taken for a thorough and complete investigation, that all persons connected with these transactions have full opportunity to make such explanations as they may desire.

REPORT OF CLERK.

SALEM, Oregon, Oct. 15, 1878.

To the Honorable Joint Committee of the Tenth Legislative Assembly of Oregon, appointed under H. J. R. No. 8, to investigate all matters concerning the segregation and sale of Swamp and Overflowed lands:

GENTLEMEN—By your direction, I have made such examination of the books and vouchers and other papers relating to swamp lands, as the limited time at my disposal permitted, and herewith submit the result. As the payments of money seem to have been made chiefly by Mr. Cann, Clerk, upon the order of the Board of Commissioners for the sale of school lands, I have summarized the result of my examination of the financial affairs in the form of an account between T. H. Cann and the Board, as follows, to-wit:

T. H. Cann in account with Board of School Land Commissioners, Dr.

To receipts per his cash book "A:"

Page 4.....	\$ 8,736 61
Page 6.....	4,526 39
Page 8.....	11,298 29
Page 10.....	1,151 35
Page 12.....	2,107 12
Page 14.....	1,429 36
Page 16.....	1,741 65

To receipts per book "B:"

Page 200.....	1,621 55
Page 202.....	10,655 68
Page 204.....	1,512 90
Page 206.....	4,117 16

Page 208.....\$ 1,333 00

Total.....\$50,231 06

To this it seems probable should be
 added amounts deposited as per page
 20, book "A," as I cannot find that
 he is elsewhere charged with them,
 receipts for moneys returned consti-
 tute part of his vouchers.....\$ 6,928 88

Total\$56,959 94

These charges are taken wholly from books "A" and "B,"
 which purport to contain cash receipts, and are said by Mr.
 Cann to contain a correct record of all cash received by him.
 As vouchers, I find State Treasurer's receipts

amounting to.....\$20,668 85
 Receipts for various other sums as..... 23,945 01

\$44,613 86

Making a difference of..... 12,346 08

Or, if the items on page 20 be of sums charged

elsewhere in his cash account..... 5,617 20

In addition to the above, there are quite a large number of
 papers which Mr. Cann pointed out to me as vouchers, but
 which, on examination, I find to be simply bills signed by
 the persons who made them, and in some cases not even
 signed, and containing no words implying that they have
 been paid. I have credited Mr. Cann in the foregoing ac-
 count with every paper exhibited to me or which I could find
 which could reasonably be construed as being a receipt for
 money.

While the figures given above are as accurate as I am able
 to make, I would not be understood to say that they are a

correct statement of the account of the Swamp Land Commissioners. I do not think any correct account can be made up from the books. Books "A" and "B," which seem to have been the only account book kept, are full of erasures and interlineations. Some entries have pencil marks drawn across them, indicating an intention to erase, and are yet included in footings; while others, marked in the same manner, appear to be excluded. The footings given above include all entries which are not entirely obliterated. Some entries, as those on page 20, book "A," are made in such a manner that it cannot be determined from inspection whether they are intended to be taken as charges or mere memoranda.

The only way, as it seems to me, in which a correct statement of the accounts can be made, will be by depending upon the original papers and files of the office, and such other evidence of the payment of money into the office as may be obtainable. This will involve an extensive correspondence and the examination of a mass of papers, and will take much more time than the period between my appointment and the close of the session, and I have therefore not attempted it. Respectfully submitted,

J. A. STRATTON,
Clerk.

Mr. Thompson moved to order 150 copies of the report printed; which motion prevailed.

Mr. Apperson, chairman of committee appointed under S. C. R. No. 6, submitted the following

REPORT:

SENATE CHAMBER,
SALEM, Oct. 15, 1878. }

Mr. President—The committee appointed under S. C. R. No. 6, would respectfully offer the following report:

That we have examined every receipt of money for the past two fiscal years, comparing its entry in the Treasurer's books with the stub remaining in the receipt book, and find the amounts correctly entered in the ledger and cash book.

That we have examined every warrant on which money has been paid out by the State Treasurer, and find the same duly entered on his books and correct in amount.

That we have had all the coupons redeemed by the Treasurer during the past two years counted and examined, and find that they are as entered in the Treasurer's books, and are properly cancelled.

That we have found all the notes given for loans from the various funds, correct as reported, and duly receipted for by the present Treasurer.

That the balances of the several funds reported on hand are correct, and have also been properly receipted for by the present Treasurer.

Your committee finds that the 10 per cent. appropriated out of the swamp land and tide land funds has not been fully transferred to the common school fund. A balance in favor of the school fund to the amount of \$555 63 was left untransferred September, 1874, and the total amount of \$759 is now due the school fund from the said swamp and tide land funds, which your committee recommends that the Treasurer be directed to transfer accordingly.

Your committee finds that the law under which the one mill tax for the completion of the Capitol building was disbursed, is somewhat vague, and your committee is divided in opinion as to the legality of the payment of \$2,195.61 and interest in excess of the amount of said one mill tax for two years; but believes that this disbursement was made by the Treasurer, in accordance with his understanding of the law,

and in pursuance of the joint resolution of both branches of the Legislature of the State, and saved the State House from great damage by the weather.

That we recommend the payment of James Walton, employed by this committee as clerk and accountant, for 31 days, at five dollars per day.

C. H. BURCH,
JOHN H. SMITH,
Senate Committee.

SENATE CHAMBER,
SALEM, Oct. 15, 1878. }

To the President of the Senate:

The Joint Committee, to whom was referred the claims growing out of the Indian wars in Oregon in the years 1877 and 1878, beg leave to report that in their opinion the passage of Senate Bill No. 48, renders further examination or consideration of such claims by the committee unnecessary, and we have therefore turned over to the Secretary of State all papers relating thereto which have come into our possession. Respectfully submitted,

S. G. THOMPSON.
